Virbanel® Flavored Chewables

Package contents: bottle of 50 flavored chewables

Drug Facts

Active Ingredients (in each chewable):
pyrantel pamoate (30 mg) and praziquantel (30 mg)

Purpose: De-wormer for Small Dogs and Puppies Only (6.0 to 25 pounds).

Uses: For the treatment and control of:

- Roundworms (*Toxocara canis*, *Toxascaris leonina*)
- Hookworms (*Ancylostoma caninum*, *Ancylostoma braziliense*, and *Uncinaria stenocephala*)

- Tapeworms (*Dipylidium caninum*, *Taenia pisiformis*)

Human Warning:
Keep this and all medication out of the reach of children. To obtain product information, including a Safety Data Sheet (SDS), call 1-800-338-3659.

- You should weigh your dog to make sure you are giving the right dose.
- **VIRBANTEL** Flavored Chewables are palatable if offered by hand. If your dog does not voluntarily eat the chewable, you can hide the chewable in a small amount of food or place it in the back of the dog's mouth for forced swallowing.
- Make sure that the dog eats the complete dose.

• Watch your dog for a few minutes after dosing to make sure the chewable is not rejected.

Other Information: Recommended De-Worming Schedule:
Consult your veterinarian for assistance in the diagnosis, treatment, and control of parasitism. De-worming schedules may vary depending on the climate where you live and the activity of your dog.

When Using This Product:
• Consult your veterinarian for assistance in the diagnosis, treatment, and control of parasitism.

- Do not de-worm a dog or puppy that is sick. Consult a veterinarian for diagnosis of the illness.

Re-treatment: Re-treatment of your dog may be necessary as determined by laboratory fecal examination and/or if your dog is living where re-infections are likely to occur. Consult your veterinarian for assistance in the diagnosis and prevention of re-infection. In case of re-infection with tapeworms (*Dipylidium caninum*), consult your veterinarian for advice on how to remove fleas from the dog and the environment.

• **VIRBANTEL** Flavored Chewables are safe for use in puppies 12 weeks or older and adult dogs. Safety in breeding dogs and pregnant bitches has not been tested.

You May Notice:
Vomiting, loose stools (with or without blood) and decreased activity following treatment.

Manufactured by:
Virbac AH, Inc.
Fort Worth, TX 76137
Storage: Store at controlled room temperature of 59 - 86° F (15 - 30° C).
