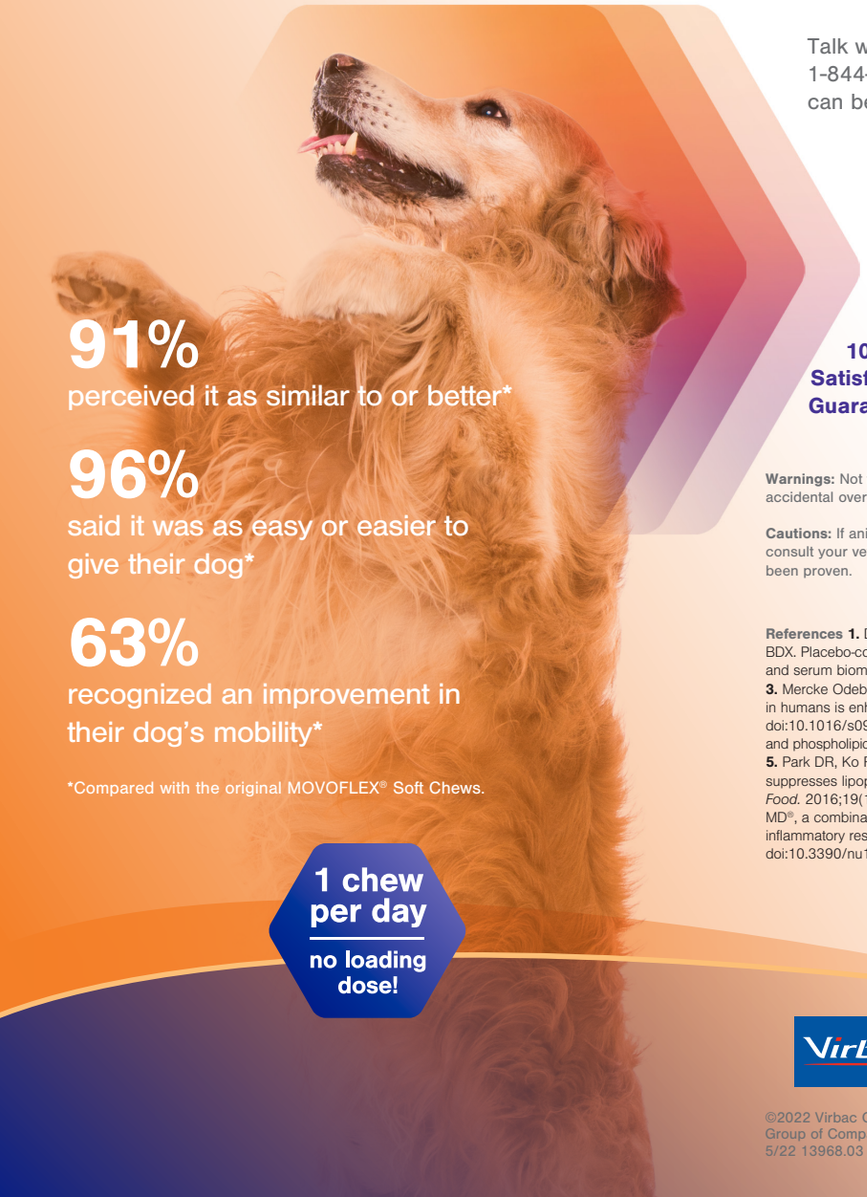
Advancing **satisfaction.**

We conducted a 30-day trial of MOVOFLEX® Advanced Soft Chews among pet owners whose dogs were already taking the original formulation. Here's what those dog owners reported at the end of the trial:[1]



91%
perceived it as similar to or better*

96%
said it was as easy or easier to give their dog*

63%
recognized an improvement in their dog's mobility*

*Compared with the original MOVOFLEX® Soft Chews.

1 chew per day
no loading dose!

Helping dogs **advance gracefully** is a joint effort.

Talk with your veterinarian or call us at 1-844-484-7222 to learn about how your dog can benefit from hip and joint support.

Virbac Shaping the future of animal health

NOW WITH KRILL OIL

MOVOFLEX®
ADVANCED SOFT CHEWS

Help them **advance gracefully.**

MOVOFLEX® Advanced Soft Chews is a supplement for dogs at all life stages. They support hip and joint structure and flexibility, as well as bone health.

everyday CARE

Virbac Shaping the future of animal health

MOVOFLEX® Advanced Soft Chews include two new ingredients that work synergistically with the original formulation for advanced benefits.[1]

How is this different?

A unique combination of ingredients allows MOVOFLEX® Advanced Soft Chews to start working fast, with positive results within as little as 7 days.[1] We selected each ingredient for both its individual and synergistic benefits.

An advanced combination of ingredients.

The original MOVOFLEX Soft Chews were effective in improving dogs' mobility.[2] The foundational ingredients — including BIOVAFLEX® Eggshell Membrane — also fuel new MOVOFLEX Advanced Soft Chews, supporting healthy bones and joint flexibility. **So what's changed?**

Krill oil

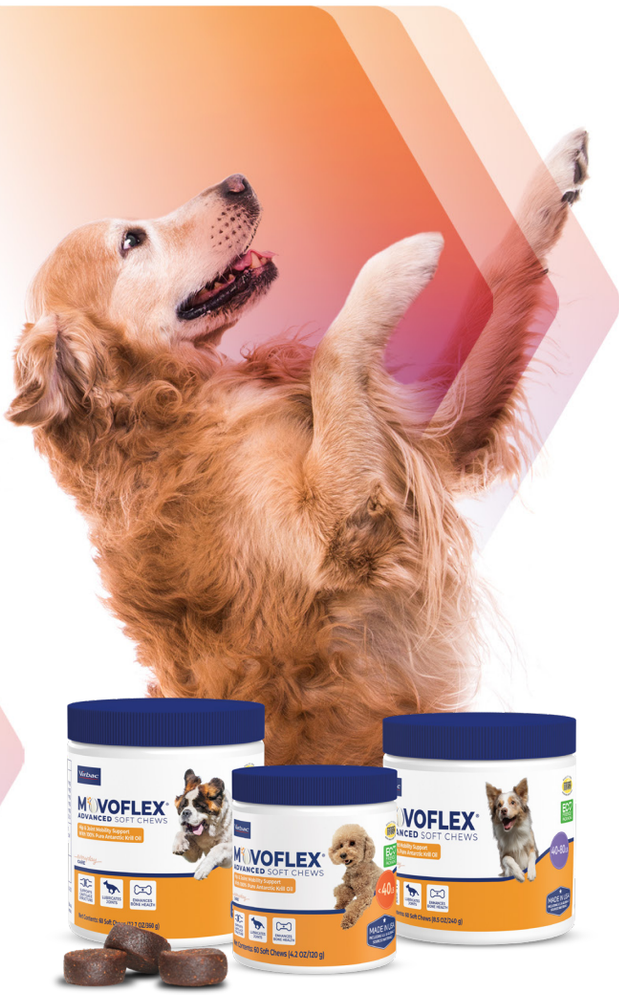
contains omega-3 fatty acids that help lubricate joints. It also boosts the performance of two other ingredients: astaxanthin and hyaluronic acid.[3,4]

Low molecular weight hyaluronic acid

supports joint structure and maintenance. It also works with krill oil and astaxanthin to support overall joint health.[5,6]

MOVOFLEX®
ADVANCED SOFT CHEWS

for dogs of **all sizes, ages and activity levels**



60 soft chews per jar

SMALL DOGS (<40 lb)

MEDIUM DOGS (40–80 lb)

LARGE DOGS (>80 lb)
